

## MINIMUM REQUIREMENT TO TEST FOR POLICE OFFICER:

Lateral Transfer-TCLEOSE Certification  
(Texas Commission on Law Enforcement Standards of Education)  
and Bachelor's Degree from an Accredited College or University

Or

Police Cadet-Bachelor's Degree from an Accredited College or University

TO: Police Officer Candidates  
FROM: Town of Addison, Human Resources Department

Thank you for your interest in employment with the Town of Addison Police Department. This packet has been prepared to answer many of the questions you may have about salary, benefits, job duties, and the selection process. Addison is an equal employment opportunity employer and we welcome all qualified candidates.

Starting salary for non-certified cadets (degree only applicants) is \$44,408/yr. Starting salary for certified police officers is \$46,612/yr. Top salary for police officer is \$68,868/yr. Police officers currently work a flexible schedule with 12-hour days.

The selection process consists of a written test, a physical fitness test, a review of a completed police department application, a polygraph, an oral interview, a background investigation, and an individual interview with the Chief of Police and a psychological evaluation. The final step is a medical examination and drug screen.

### **Entrance tests are scheduled by appointment.**

The first test will be the written exam which will take approximately two and a half hours. The written test consists of general knowledge questions on reading comprehension, grammar, punctuation, spelling, vocabulary, arithmetic, and decision-making. Those passing the written test will then take the physical fitness test the same day. A description of the physical requirements follows in this packet. Passing scores in the tested areas for physical fitness are based on criteria developed through an analysis of essential job functions.

### **You will be required to bring these completed forms and documents to the test:**

- Town of Addison Police Department Application for Employment
- Drivers License for Identification
- Registration Form
- EOE Data Form
- Police Department Release of Liability Form
- Consumer Report Authorization/Release Form
- Copy of TCLEOSE certification, if obtained
- Original certified college transcripts

## **About the Addison Police Department**

The police department is currently budgeted for 87 authorized full-time positions including a Chief, 1 Assistant Chief, 1 Captain, 4 Lieutenants, 7 Sergeants, 49 Sworn Officers, 1 Detention Supervisor, 3 Detention Officer, 1 Public Service Officer, 1 Communications Supervisor, 12 Telecommunicators who handle police and fire calls, 1 Department Secretary, 1 Investigative Specialist, 1 Supervisor Police Special Services, 2 Records Clerks and an Animal Control Officer. Reserve Officer positions and part-time Telecommunicators and Detention Officers supplement our staff. Our annual operating budget is \$7.4 million dollars.

The Town of Addison takes pride in its professional police department and provides state of the art equipment and training. The vehicles used by patrol, which are replaced every two years, are Dodge Chargers fully equipped with mobile data terminals (MDT's) and digital video equipment. Our motorcycle unit consists of BMW motorcycles. The police department has a six-lane indoor firing range, which is used by other local, state and federal law enforcement agencies.

We are a relatively small department in a highly condensed urban environment; however, there are many opportunities for an officer to be trained in and participate in specialized areas of police assignments. We have a canine officer, Segway and bicycle officers. We have special investigators trained to investigate computer related crimes and various business crimes. We have a highly trained and equipped special response team. The police department is also responsible for security at our municipal airport, which is one of the busiest general aviation airports in the country. The department has developed, implemented and enhanced security measures related to terrorism and bio-crime.

The police department is committed to providing the highest level of service to all citizens and patrons of Addison. The mission of the police department is dedicated to a standard of excellence in promoting and maintaining a safe and peaceful community. We serve in a community partnership to preserve order, protect life and property, enforce laws and ordinances, and safeguard individual liberties. We conduct ourselves according to the highest ethical standards, and treat others with fairness, dignity, and respect. We pledge to manage our organization with professionalism, leadership, and integrity.

## PHYSICAL FITNESS TEST

Town of Addison, Texas

### BACKGROUND

The Addison Police Department, in recognizing the importance of physical fitness status for job performance, has established physical fitness standards for applicants and incumbent officers. The department conducted a validating study to determine what areas of physical fitness are important for doing the job of an Addison law enforcement officer and what level of fitness is necessary to perform the strenuous and essential functions of the job. You will be expected to meet the physical fitness test standards when entering the department and to maintain the position of police officer.

### WHAT IS PHYSICAL FITNESS?

Physical fitness is having the physical readiness to perform the strenuous and critical physical tasks of the job. The physical fitness areas that have been determined to be the underlying factors for your capabilities to do the job consist of seven specific and different areas.

- 1. Aerobic power or cardiovascular endurance.** This is having an efficient heart and cardiovascular system so that you can perform physical tasks over a sustained period of time. It is an important area for performing job tasks such as making foot pursuits and long-term use of force situations.
- 2. Anaerobic power.** This is having the ability to make short intense bursts of effort. This is an important area for performing job tasks such as short sprint pursuit situations.
- 3. Upper body absolute strength.** This is having the upper body strength to make maximal efforts against a resistance. This is important for performing physical tasks that require lifting, carrying and pushing.
- 4. Upper body muscular endurance.** This is having the capability to make repeated muscular contractions with the upper body without getting fatigued. This is important for many uses of force job tasks.
- 5. Trunk of abdominal muscular endurance.** This is having the capability to make repeated muscular contractions with the abdominal area without getting fatigued. Your abdomen is the fulcrum of your body and is important in many tasks involving lifting, pulling and dragging.
- 6. Leg explosive strength or power.** This is having the capability to jump with power. This is important for performing many tasks such as jumping over obstacles and running up and down stairs in pursuit situations.
- 7. Agility.** This is having the ability to make quick movements with sprinting. This is important for making movements and changes of direction around obstacles during pursuits.

There are other areas of physical fitness to include: (1) flexibility and (2) body composition of % body fat. Those areas are important for overall fitness; however, they have not been determined to be predictive of how well an individual can perform the duties of an Addison police officer.

## WHY IS PHYSICAL FITNESS IMPORTANT?

First, physical fitness is important because the seven physical fitness areas determine an individual's capability to do strenuous job tasks. Physical fitness is a bona fide occupational qualification (BFOQ)

Secondly, physical fitness is important to minimize health risks for health problems such as heart disease, stroke and obesity – all of which can affect job performance capabilities.

## HOW WILL PHYSICAL FITNESS BE MEASURED?

There are seven physical fitness tests that will be given in one day as a battery of tests. The tests are as follows:

1. **1.5 mile run-** This measures aerobic power or cardiovascular endurance (the ability to have stamina over time.) The test consists of running/walking as fast as possible the distance of 1.5 miles.
2. **300 meter run-** This measures anaerobic power or the ability to make an intense burst of effort for a short time or distance. The test consists of sprinting 300 meters as fast as possible.
3. **One Repetition Maximum (RM) Bench Press-** This measures the absolute strength of the upper body. The test consists of lying on a bench and pushing up as much weight as you can one time.
4. **Maximum push-up test-** This measures the muscular endurance of the upper body. The test consists of doing as many push-ups from the front, lean and rest position with no time limit.
5. **1-minute sit-up test-** This measures the abdominal or trunk muscular endurance. Lying on the ground, you will be given one minute to do as many bent leg sit-ups as you can.
6. **Vertical jump test-** This measures leg power. The test consists of jumping up on a wall and marking how high you jump from a standing position.

## WHAT TEST STANDARDS MUST I MEET?

Each test is scored separately and you must meet the standard of each and every test. The standards are as follows:

TEST	STANDARD
1.5 mile run	17:48
300 meter run	73.8 seconds
1RM bench press	Push 67% of your body weight
Maximum push-up	20
1-minute sit-up	32
Vertical jump	13 inches

You will be given the tests in the following sequence. There will be rest periods between each event.

1. 1 RM bench press
2. Vertical Press
3. Push-ups
4. 300-meter run
5. Sit-ups
6. 1.5 mile run
